Yes, confirmed on SB 166 which was enacted as HB 2283. Here is link to enrolled version:
http://www.legis.state.wv.us/Bill_Status/bills_history.cfm?INPUT=2283&year=2015&sessiontype=RS

Still looking for correspondance.

SB 357 passed and will take effect June 1.

Here's the enrolled version:
[http://www.legis.state.wv.us/Bill_Status/Bills_history.cfm?input=357&year=2015&sessiontype=RS&btype=](http://www.legis.state.wv.us/Bill_Status/Bills_history.cfm?input=357&year=2015&sessiontype=RS&btype=bill)
bill

Subject: RE: WV coal mining NPDES permit legislation

Here's information about the bills that Jim Hecker from Public Justice sent to Avi yesterday:

The relevant provisions of SB 166 were enacted as HB 2283 (pp. 4-5), which was passed by the Legislature on March 12 and became effective on that date. SB 357 was signed by the Governor on March 12 and will become effective on June 1, 2015. The final version of that bill provides that water quality standards "shall not be considered 'effluent standards or limitations' for the purposes of both this article and sections 309 and 505 of the federal Water Pollution Control Act and shall not be independently or directly enforced or implemented except through the development of terms and conditions of a permit issued pursuant to this article." SB 357, p. 20. It also provides that "water quality standards themselves shall not be incorporated wholesale either expressly or by reference as effluent standards or limitations in

a permit issued pursuant to this article.” Id. at 22.

Mark – These pending legislative items are being flagged at the HQ level. [REDACTED]

[REDACTED] Can you please let me know the status, whether they are likely to get enacted, and also make sure we have the most up-to-date versions? Thanks!!

Subject: WV coal mining NPDES permit legislation

Hi Stef –

Avi Garbow has been contacted by PublicJustice PC, requesting a meeting to discuss the latest in the WV coal mining legislation/regulation developments. [REDACTED]

[REDACTED] The letter is attached – and in it they articulate concerns with the revised regulations implementing SB 615

Did WV DEP submit their revised 47 CSR §30 rules to EPA for approval as a modification to their approved NPDES program under 40 CFR § 123.62? If so, is there written correspondence about that?

They are also writing about SB 357 – have you been following this?

I've downloaded the state senate bills and the state revised regulations, which are also attached.

Before Avi can respond to this letter, we'd like to find out what's been going on - we'll also check in with OWM regarding issues of state program authorization. I'm sure others in the region should be brought into this – feel free to forward this to the appropriate folks in the region, and please cc me so 'll know who to include on subsequent communications. I'm cc'ing Dawn Messier as well, because I think coal mining is in her portfolio.

Thanks!
